WISE CHOICES:

Life Hacks: (14 Days) Sometimes we might look for hacks to increase our gamer status or find a secret path to success. In life, hacks might come in handy to figure out how we can become more successful. The best way to do that is acquiring wisdom on our walk with Jesus.

Up For Debate: (5 Days) Everyone has different opinions and they like to make them known. It's okay to debate with others and challenge each other's thinking, but there's one thing that is not up for debate: respect. What is respect? And who's rules are you playing by when it comes to love and respect? God's or the world's?

ULTIMATE AUTHORITY:

More Than: (5 Days) We were created to worship. But, what do we mean when we talk about worship? In this plan, we'll talk about what worship is, why we worship, and how.

Filter: (5 Days) What we consume will affect us in every area of life. Drink dirty water, get sick. Eat a roadside breakfast burrito, probably get sicker. But, why is it we so often forget to think about what we're consuming on the mental, emotional, and spiritual side? This plan will help us learn to more carefully filter what we allow into our hearts and minds.

PUTTING OTHERS FIRST:

Selfless: Living An Others-First Kind Of Life: (6 Days) Putting others first doesn't come naturally. It comes supernaturally. People don't like selfish people. ANXIETY:

Still: (5 Days) A lot of us live with near constant fear, anxiety, and stress. These feelings often get in the way of our relationship with Jesus or cause that relationship to feel strained. Better Than Ever: (5 Days) We are facing the most difficult season our generation has ever experienced, and by now I'm sure you're beyond over it. Maybe you feel like your spiraling or falling apart. Believe me, I get it. But, is it possible that God has something better in mind as a result of this pandemic? Is it possible he has a plan to have you return to normal life better than ever?

Restless: (7 Days) Do you ever feel tired? Do you lack energy? Do you get restless, constantly squirming around, can't find comfort anywhere, with anything, or with anyone? Maybe you are in a continual rhythm of stress. It's constant. But if you're honest, you actually thrive on it. But is this the life you want to live? Can you sustain this pace for another day, week, or year? You're rest-less.
