

Where have you seen God's power on display this week? Why is God's power bad news for people who try to fight against Him? Why is it good news for people who love and trust Him? (See verses such as Psalm 27:1-2; Isaiah 41:10; John 10:27-29; Romans 8:31, 38-39; and 1 Corinthians 4:14.)

When you see something powerful like a flash of lightning, what is your response? Would it be a good idea to run out and try to touch it? Why not? How does the power of lightning compare to the power of God? What should your attitude be toward His power?

Read Psalm 111:10.

ACTIVITY: Have your parents help you find the words and music to the hymn "I Sing the Mighty Power of God" by Isaac Watts. Read and talk about the verses with them. Sing the hymn together.
